Your Canadian Holiday

THE MAUPINTOUR STYLE

What really makes for the greatest fun is to go beyond the traditional must-see places to visit the out-of-the-way places often missed, but very much worth seeing. We do this. It's our style. Planning a meaningful itinerary is an art and we think we do it well. *We emphasize the people, the living history of the area, as well as the scenery and culture.* This is our uniqueness.

You'll stay in everything from the famous resorts of the Rockies to the tiny family owned and operated places in the villages of the Gaspé, Maritimes and Ontario. Friendly places where you'll meet the whole family plus the neighbors!

Look at some of the great things you do! Ride a ferry to the seaports of Vancouver Island, Victoria and Nanaimo. Follow the Cariboo Trail of the 1860's to restored Barkerville. Try an aerial tram for a stupendous view of Banff. Snowmobile on the Columbia Icefield. Enjoy the vistas of the Yellowhead Highway and the national parks of the Canadian Rockies. Visit the remote villages of Canada's northern provinces in Northwest Territories and Yukon Territory adventures! Stay in some of the world's most majestic hotels. Take in Niagara Falls on a day's outing from Toronto. Cruise the St. Lawrence Seaway and among the 1000 Islands. Ride through wilderness reserves to see wildlife. Follow the Cabot Trail in Nova Scotia. Fall in love with pastoral Evangeline country. Tour Percé and the Gaspé Peninsula. *Join us!*

WHAT TO WEAR

Be casual, relax, enjoy your vacation. We suggest a wardrobe that will include a warm sweater, pantsuits/slacks for ladies, and a light topcoat or raincoat. In the west, summertime highs will average in the 70's; lows in the 40's. For the east, add about 10 degrees. The Rockies' June and September nighttime temperature may dip to the 30's, but you'll enjoy the spring flowers or fall foliage and crisp air. In the far north (ARC program) temperatures will usually average in the 60's and can dip into the low 30's at night. For evenings in the resort areas or cities, ladies may prefer a dressy pantsuit or cocktail dress. Gentlemen will be at ease in a dark suit. *Sunglasses as well as comfortable shoes (not new) are a must.* Don't pack too much, burdening yourself with too many clothes and needless luggage.

GETTING READY

Getting ready is part of the fun. Ask your library or bookstore for background reading recommendations. Our suggestions include *The Milepost* 500-page guidebook, Kane's *Canada A to Z* and *Fodor's Canada*. Bring your camera and binoculars!

Before departure you'll be given a Maupintour flight bag, document case, luggage tags and itinerary outlines plus mailing lists for family and friends. You're ready! *No worries. No cares. No bothers.*

CALGARY/LAKE LOUISE / 2nd Day

This morning tour Alberta's dynamic city of the living West. Learn Calgary's history as you visit the center at Fort Calgary. Visit Heritage Park which brings alive the lifestyles of the Canadian West. Pause at Scotsman's Hill overlooking Calgary for a panorama of this growing city and the famed Stampede Park. Have luncheon on your own, then depart on the Trans-Canada Highway through ranch country. LAKE LOUISE/YOHO NATIONAL PARK KICKING HORSE PASS / 3rd Day

You'll want to rise early this morning for sunrise views of the lake and Victoria Glacier. Glacial silt provides the magnificent color of Lake Louise, which first awed railroad workers in 1882. Lake Louise is named after Princess Louise, Queen Victoria's daughter. There's plenty of time to relax this morning. Perhaps take a canoe ride. This afternoon cross the Continental Divide for a visit to *Yoho National Park.* See North America's third largest falls, Takakkaw Falls, plunging 1,248

feet. Marvel at the man-made tunnels under Kicking Horse Pass and at nature's work on the Natural Bridge over Kicking Horse River. This is an interesting day filled with gorgeous mountain scenery. Spend a relaxing evening at the Chateau.

ICEFIELD HIGHWAY/JASPER NATIONAL PARK / 4th Day **BLD**

Another day of varied scenery awaits you as you take the 142-mile Banff-Jasper Highway, the Icefield Highway, north to Jasper National Park. The route you follow is the backbone of the Canadian Rockies, filled with views of mountains, glaciers, lakes and forests. Along this route many wildlife varieties are usually seen, such as mountain goats, sheep, deer, moose and, if you're lucky, elk and bear. Stop at Sunwapta and Athabasca Falls and have luncheon at Columbia Icefield Chalet. Weather permitting, *take a snowmobile ride three miles across the Athabasca Glacier*. This ice field is the largest accumulation of ice in the Rockies, approximately 3,000 feet thick and covering 130 square miles. Arrive in the late afternoon at tiny Jasper, located in the heart of 4,200-square-mile *Jasper National Park*. Stay two nights at the Marmot Motor Lodge.

JASPER NATIONAL PARK/MALIGNE LAKE / 5th Day **BLD**

Today is a photographer's and sightseer's delight . . . filled with spectacular scenery beginning as you climb a narrow pass to see Medicine Lake, a natural phenomenon which disappears each winter and reappears each spring. Mile-high Maligne Lake beckons, largest in the Rockies. Views of the Queen Elizabeth Range are exceptional here. Cruise Maligne Lake for close-up looks at glaciers. Enjoy a buffet luncheon at rustic Maligne Lake Lodge. As you return to Jasper this afternoon the nearly vertical walls of Maligne Canyon are clearly evident. The Maligne Canyon Road is often frequented by wildlife. Have time to relax before dinner to recall the wonders you have seen.

BOW LAKE/BANFF NATIONAL PARK / 6th Day **BLD**

Enjoy more glorious scenery today as you head south to Banff National Park. Shortly after crossing Bow Summit (6,785 feet) catch sight of blue-green *Bow Lake*, nestled in a majestic valley surrounded by peaks and glaciers. High above Bow Lake two great toes of a glacial foot can be seen, and about 70 years ago a third toe was visible. Bow Lake is the headwater for the Bow River which flows through Banff. You'll see Bow Falls in Banff tomorrow. Enjoy a leisurely luncheon on the shores of Bow Lake at quaint red-roofed Num-Ti-Jah Lodge, accessible only by horseback prior to the building of the Icefield Highway. Have time to stroll around this lovely area and then depart following the Bow River Valley into the resort center of Banff. *Stay two nights at majestic Banff Springs Hotel*, situated high on a bluff overlooking the lovely valley and town. Relax a bit in the Rundle Lounge before dinner.

BANFF/SULPHUR MOUNTAIN GONDOLA / 7th Day **B D**

Tour Banff and its surroundings this morning. You visited the Bow River headwater yesterday and today see cascading Bow Falls near your hotel. Visit Buffalo Park, the limestone formations called hoodoos

and Tunnel Mountain. *Ride the gondola to the top of Sulphur Mountain for a stupendous view of the whole Bow Valley including tiny Banff*. This afternoon is completely free so that you may relax, shop, visit the Banff Center School or perhaps have a swim in the Banff Springs indoor pool. In downtown Banff specialty shops are abundant; ski shops have beautiful wool caps. Perhaps visit the Hudson's Bay Store. *Gala finale dinner party* at Banff Springs. Time to bid a fond farewell to new friends and reflect upon your experience.

CONCLUDE CALGARY / 8th Day

SPEAKING FRANKLY

Special attention and caution: Maupintour consultants developed this Arctic Expedition escorted tour and have traveled every mile of it. This is the second year. The concept is proven. First year passengers were well pleased. We know that some of the world's most exciting and beautiful scenic and lifeseeing experiences can be realized on this itinerary. However, this tour can be recommended *only* to the hardy, tolerant traveler who relishes the fun, the adventure of blazing new trails through frontiers in remote virginal areas. Participants must accept the possibility that facilities may be barely adequate on occasion, perhaps austere, as can be presumed in some areas of the far north where tourism is not yet developed. Please don't take the tour if the unexpected, the unscheduled and a few times of "roughing it" may make you unhappy. But, if you are curious, have an open mind, possessed with the wanderlust, are an adventurer and want new worlds to conquer, then you will love our Arctic Expedition tour and *we want you with us!*

HAY RIVER/FT. PROVIDENCE NORTHWEST TERRITORIES / 2nd Day

BL

Early departure this morning to begin your adventure. Pacific Western flight 526 miles to Hay River in the Northwest Territories, nestled on the southern shores of Great Slave Lake. Barges filled with supplies for far flung Arctic settlements make this a busy place during summer. Hudson's Bay Company established a post here in 1868 and only in 1949 was Hay River connected by road with the completion of the MacKenzie Highway. Near Hay River a sight rivaling Niagara Falls awaits you, *thundering Alexandra Falls, plunging 109 feet*. Also visit cascading Lady Evelyn Falls on the Kakisa River. Cross the mighty MacKenzie River, extending north to the Arctic's Beaufort Sea which you'll see from Tuktoyaktuk. On the steep north bank of the half-mile wide MacKenzie River is Fort Providence, begun in the 1860's as a Catholic mission. Spend the night here at Snowshoe Inn. See your first Indian handicrafts.

**GREAT SLAVE LAKE/YELLOWKNIFE / 3rd Day****BL**

Sleep late this morning if you want, then drive north 214 miles through the Horn Mountains. Pause for a picnic luncheon along Great Slave Lake and visit the Dogrib Indian Community at Rae Lakes. Arrive in *Yellowknife, capital of the Northwest Territories* in the late afternoon. Boasting a population of approximately 10,000, this modern little city's first white visitor was explorer Samuel Hearne in 1771. Tribes of the Dene Nation have long inhabited this area, and not until 1934 did white settlers arrive when gold was discovered on the shores. Mining for gold is still done here, and you will have a visit to one of the mines. The Yellowknife area is basically flat, dominated with rock outcroppings, many lakes, muskeg (moss), and a few inches below the soil surface, permafrost which remains all summer. Stay two nights at the *Yellowknife Inn* or *Explorer Hotel*.

YELLOWKNIFE/CRUISE / 4th Day**B D**

Tour Yellowknife this morning and its environs. Visit an operating gold mine, see the bush pilot's memorial, old waterfront town and learn about the Eskimo dogs. This afternoon is at leisure. Browse for furs and stone and ivory carvings. Visit the Prince of Wales native art museum. This evening board a private yacht for a cruise to one of the small islands in Great Slave Lake for a cookout. If you're an angler you might want to try your luck for char, trout or grayling.

THE ARCTIC/TUKTOYAKTUK / 5th Day**BLD**

Morning Pacific Western 657-mile flight to Inuvik on the MacKenzie River. Board a small aircraft for the 79-mile shuttle flight farther north to the Eskimo community of Tuktoyaktuk on the shores of the Arctic's Beaufort Sea ... *180 miles above the Arctic Circle* and only 100 miles south of the Arctic's polar ice cap. This village is the home of about 600 Eskimos or Inuits. See the unusual ice mountains called "pingos," explore the town, visit the Hudson's Bay Company trading post, bargain for bone carvings and furs. Over 10,000 reindeer are in the herd nearby. Most likely you'll spot some. Return to Inuvik for overnight at the *Eskimo Inn*. Learn about Inuvik which was hewn out of wilderness just 25 years ago in 1955. Now Inuvik is a commerce and communications center for the MacKenzie Delta. See a unique system of plumbing utilizing steam filled pipes to combat the permafrost.

DEMPSTER HIGHWAY/EAGLE RIVER / 6th Day**BLD**

Depart Inuvik this morning on the *Dempster Highway, opened during the summer of 1979*. This gravel highway connects Inuvik with Dawson City below the Arctic Circle in the Yukon Territories. Your 216-mile route south will be scenic and historic. See tundra along the route with the Richardson Mountains creating a backdrop for lakes and valleys. Pass through the village of Arctic Red River begun as a mission in 1868, located at the junction of the Arctic Red and MacKenzie Rivers. A bit south is Fort McPherson built in 1840 and boasting a population of approximately 821, an important trade and trapping center. *Cross the Continental Divide and enter the Yukon Territory for an overnight on the Arctic Circle at the Eagle Plains Hotel.*

Ogilvie Mountains/Dawson City / 7th Day**BL**

Today's 231-mile drive takes you south along the Mahoni Range following the Continental Divide to the confluence of the Peel and Ogilvie Rivers. Follow the Blackstone River to the towering Ogilvie Mountains and cross the Ogilvie at Seela Pass. Great scenery at every turn. A short distance below the pass *lies the Yukon River and infamous Dawson City from the 1890's*. This is where the great gold rush of 1898 began with the discovery of gold by George Carmacks and his Indian companions, "Skookum" Jim and "Tagish" Charlie, on Bonanza Creek. Stay at the *Sheffield Dawson* or *El Dorado Hotel* for two nights.

DAWSON CITY/DISCOVERY CLAIM / 8th Day**BL**

Pan for gold this morning! Travel up to Bonanza Creek for a visit to Discovery Claim to learn all about the wild and woolly days of Dawson. Cruise the Yukon River to Treasure Island this afternoon for a salmon barbecue. Time to stroll the streets of Dawson and relive those bygone days. Dawson has several fine jewelry stores where you can see gold nugget jewelry at its best, but remember gold isn't \$16 an ounce as it was during the 1898 days of Dawson! *Visit Diamond Tooth Gertie's tonight or attend the follies at the Palace Grand.*

TOK/ALASKA / 9th Day**BLD**

Catch your last glimpses of Dawson this morning as your motorcoach boards the ferry to cross the Yukon. More beautiful scenery is yours as you travel the "Top of the World" Taylor Highway 178 miles south. The area is filled with mountain vistas, valleys, rushing streams and forests. Have a picnic luncheon along the route. Take a short bit of the Alaska Highway from Tetlin Junction to Tok for an overnight at the *Tundra Lodge*.

THOMPSON PASS/VALDEZ/GULF OF ALASKA / 10th Day**BL**

Mountain scenery is once more prevalent as you drive south 254 miles through an area often referred to as the "Switzerland of North America." Cross the Alaska Range, Mentasta Mountains and mighty Wrangell Mountains. Near Glennallen and Copper Center meet the famed Alaska Pipeline which you follow along Richardson Highway to Valdez and the gulf. Just prior to crossing Thompson Pass begin to have your first views of many spectacular glaciers. With the Chugach Mountains as a backdrop descend to tiny Valdez, beautifully situated on Prince William Sound, terminus of the Alaska Pipeline. Overnight at the *Sheffield House*. Time to stroll this evening and explore this much talked about seaport of over 8,000 hardy Alaskans.

THE GLACIERS/ANCHORAGE / 11th Day**BL**

Cruise Prince William Sound this morning aboard the *Glacier Queen*. Pass Valdez Arm and the pipeline terminal to front mammoth Columbia Glacier for views of crashing ice slabs. An abundant variety of sea life is here. Overnight (continued on the next page)

in the heart of downtown at the *Sheffield House*. Try the elegant House of Lords for dinner, right in your hotel.

VOLCANIC KATMAI / 12th Day

BLD

Board *Wien Air Alaska* for the 289-mile flight to King Salmon, Alaska. A *bush plane* then takes you 30 miles to *Brooks Lodge* in *Katmai National Monument*. Land on the waters of *Naknek Lake* in front of the Lodge. Cameras are a must here! National park service rangers or the staff will provide guided nature walks this afternoon.

VALLEY OF 10,000 SMOKES/KATMAI / 13th Day

BLD

You are in the area where once stood the *Katmai Volcano*. *Full day's excursion into the Valley of 10,000 Smokes* guided by a park naturalist. In 1912 the most violent eruption known to man created this incredible desolation. Mountains were blown apart and disappeared. From *Overlook Cabin* look down at the valley floor, gorged and chopped by volcanic destruction. Steam fumaroles are still evident. Return to *Brooks Lodge* in the late afternoon. Relax around the fireplace or go for a stroll. It stays light until late.

RETURN TO ANCHORAGE / 14th Day

BLD

Visit the old Eskimo village this morning or watch the fish jumping at *Brooks Falls*. Board your *bush plane* for King Salmon to connect with the *Wien Air Alaska* return to Anchorage. *Gala finale dinner party* at the *Sheffield House*.

You have experienced what most will never see or do, a grand feeling of accomplishment. Varied departure times do not permit a group transfer to the airport, but taxi or limousine transfer services are available at nominal cost and your *Tour Manager* is there to assist. D

1st Day / Sunday

Your Travel Agent will arrange flight transportation to Vancouver, British Columbia's largest city, one of Canada's most beautiful cities and her major seaport. Air Canada has direct service from Chicago and other major cities. Since tour guests will arrive at different times, it is not practical to arrange a group transfer from the airport. Taxi, limousine and motorcoach shuttle transfer services are available at nominal cost. The tour begins at the elegant French chateau-style Hotel Vancouver with a steep copper roof, ornamentation and menacing gargoyles. It's a favorite of Queen Elizabeth II. You have the best location in town, near the best stores and next to a beautiful park. Meet your Tour Manager and fellow tour members at the 7:00 PM *get-acquainted dinner party*.

VANCOUVER/FERRY TO VICTORIA

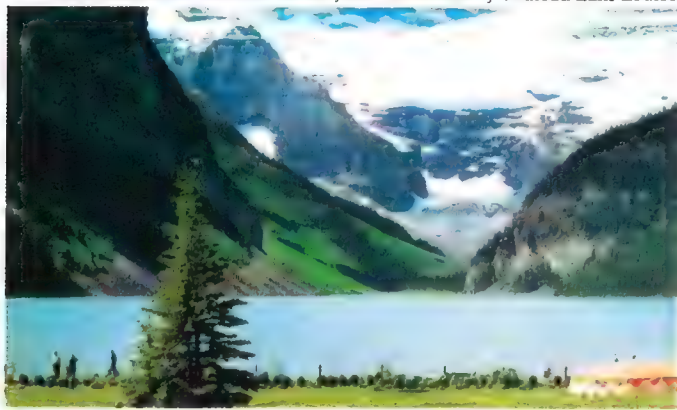

B D

2nd Day / Monday

Begin sightseeing this morning with a visit to 1,000-acre Stanley Park, only five minutes from downtown but a world apart. The locals love this place and you will too. Enjoy a commanding view of the city from Queen Elizabeth Park where the gardens are built in abandoned quarries. Drive through Chinatown, with over 4,000 inhabitants, second in size to San Francisco's. Go back in time to the 1880's with a visit to Gastown, the restored area that was Vancouver's original heart. Learn the history of Gassy Jack Deighton and how it all started. Drive to Departure Bay and board a British Columbia ferry, coach and all, for a cruise across the Strait of Georgia to Vancouver Island. Motor via Nanaimo, known as the Bathtub Racing Capital of the World, and soon you are in lovely Victoria, provincial capital of British Columbia. A good many Britons have settled or retired here over the years, and the place has a distinctive Olde English flavor. Spend two nights at the famous Empress Hotel, overlooking Victoria Harbor. Enjoy dinner in the Empress Room surrounded by wood paneled walls and red carpeting, Olde English atmosphere.

(continued on the next page)

Lake Louise and Victoria Glacier from the terrace of Chateau Lake Louise.

Take the waters at Harrison.

Do this in Barkerville.

VICTORIA/BUTCHART GARDENS / 3rd Day / Tuesday

B D

See the best of Victoria this morning, including Beacon Hill Park, City Center and Marine Drive. Visit *fabulous Butchart Gardens*, world renowned for its beauty. Jennie Butchart began the gardens by filling an old quarry with topsoil and planting it with rare and beautiful flowers and shrubs collected during her many travels. The result was the famous Sunken Gardens. Over the past 65 years Alpine, Italian, Japanese and English rose gardens have been cultivated over the 130-acre estate. The afternoon is unscheduled so you can explore the many shops and walkways near The Empress. You may wish to return to Butchart Gardens tonight, a fairyland of subtly lighted splendor.

HARRISON HOT SPRINGS / 4th Day / Wednesday

B D

Morning ferry departure from Swartz Bay, again by British Columbia ferry, for the hour and 45-minute cruise across the Haro Strait to Tsawwassen. Motor eastward through the lower Fraser River Valley. Your destination is the *Harrison Hotel*, resort center at Harrison Hot Springs. Time to relax and enjoy the views of majestic Mount Cheam and Harrison Lake, take a dip in one of the mineral pools (complete with massage, if you like!). Have dinner in the Copper Room.

FRASER RIVER CANYON/CARIBOO HIGHWAY 100 MILE HOUSE / 5th Day / Thursday

BLD

A leisurely departure this morning gives you the chance for another dip in Harrison's relaxing hot pools. Then get ready for spectacular scenery as you head north into wilderness territory. Enter the historic Fraser River Canyon just past the city of Hope. The road narrows, leads through tunnels, across gaping gorges, past steep canyon walls. During the Cariboo gold rush of the 1860's, thousands of miners struggled up the Wagon Road through these dangerous rapids and along the rocky cliffs hoping to reach Barkerville's rich goldfields. You can appreciate the courage and stamina of these hearty souls as you follow their footsteps today and tomorrow. Stop for luncheon midway through the canyon at Hell's Gate, then follow the swiftly flowing Thompson River eastward from Lytton into British Columbia's rugged interior. Some of the roadhouses beside the highway served as stops along the Cariboo Trail a hundred years ago. One of them, built by Tom Miller in 1862, was called 100 Mile House. Today a thriving lumber community of the same name has grown up on the site and you'll spend the night here at the *Red Coach Inn*, known for its gracious hospitality. Have a sundowner in the Library Lounge and listen for stories about the gold rush days. *Dinner at the Inn is a real treat!*

BARKERVILLE GOLD RUSH/PRINCE GEORGE 6th Day / Friday

BL

Drive north this morning through Chilcotin country and into the Cariboo Mountains. Watch for puffballs, wild rose and Engelmann Spruce. You may spot osprey or western grebe as you pass Williams' Lake. Over 250 species of birds thrive in the Cariboo. Keep a sharp

eye out for marmot, woodchuck and beaver. Past Quesnel you may spot a moose. This is clean, fresh, wild country. The air is clear and crisp. Stop at Cottonwood House, a completely restored roadhouse, to see what life was like when hordes of miners came this way over a century ago. It was built by J. Boyd in 1864. In his words, "Here weary travelers found lodging, food and drink. Here fresh horses were hitched to the stagecoach and miners brought supplies. It was a haven for man and beast in the rugged land." Their destination, though, was Barkerville, British Columbia's gold rush capital, where you'll spend most of the day. Billy Barker hit paydirt here on August 21, 1862 and before long this was the largest town north of San Francisco and west of Chicago. Those were wild days! Before the gold petered out the miners had claimed \$40 million of the precious yellow metal, and it was every man for himself. The provincial government has been restoring the town and now it looks much as it did in its heyday. *Have luncheon in Barkerville at Wake Up Jake Cafe*. You have time to explore the restored buildings on your own before continuing to the hunting, fishing, hiking and lumbering center of Prince George. Accommodations are at the *Inn of the North*, finest in town. Dinner is not included. Try the Inn's Club Car Grill.

YELLOWHEAD HIGHWAY/MOUNT ROBSON/JASPER 7th Day / Saturday

BLD

Turn east and south this morning and follow the Fraser River toward its source in the Rockies. You're traveling on the Yellowhead Highway, major northern route across four Canadian provinces from Winnipeg in Manitoba to Prince Rupert on the coast. It was named after an Iroquois trapper called Yellow Head, and it passed through some of the most beautiful wilderness, mountain and forest areas in Canada. Have views of majestic glacierclad Mount Robson near the British Columbia-Alberta border, highest point in the Canadian Rockies, 12,972 feet above sea level. After your *picnic luncheon at the Mount Robson lookout*, continue over Red and Yellowhead Passes and across the Continental Divide to the Rockies' eastern slope and *Jasper National Park*. 4,200 square miles of mountains and lakes of every size and color. Visit the Jasper townsite before settling in for two nights of comfortable accommodations at the *Tonquin Motor Inn* or *Jasper Inn*.

JASPER NATIONAL PARK/MALIGNE LAKE 8th Day / Sunday

BLD

This is an unforgettable day, a sightseer's and photographer's delight. Climb through a narrow mountain pass to Medicine Lake, which curiously "disappears" each winter, and on up to mile-high Maligne Lake, largest in the Rockies. Have exceptional views of the Queen Elizabeth Range and close-up looks at the many glaciers as you cruise the lake by launch. *Enjoy a hot buffet luncheon at charming Maligne Lake Lodge*. In the afternoon visit Maligne Canyon to view its nearly vertical limestone walls, gouged out by centuries of erosion, nearly 200 feet high in places. There's time to rest and reflect on the wonders you have seen before dinner.

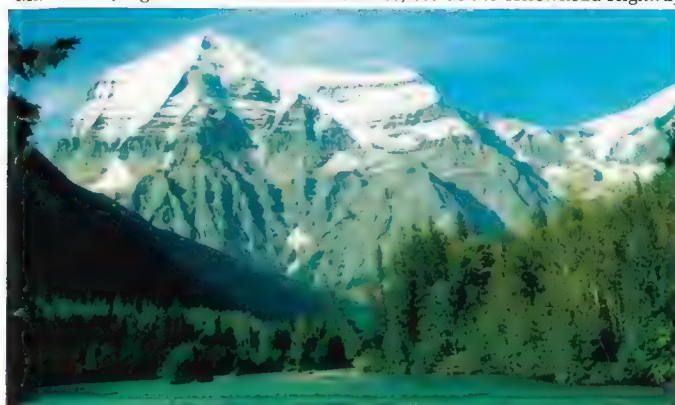

Moraine Lake, Valley of Ten Peaks.

Glacier ice field snowmobile ride.

Mt. Robson, highest in the Canadian Rockies, beside the Yellowhead Highway.

BANFF-JASPER HIGHWAY/COLUMBIA ICEFIELD LAKE LOUISE / 9th Day / Monday

BLD

Today's route along the 142-mile Banff-Jasper Highway, the Icefield Highway, takes you through some of the most scenic country in Canada. This is the backbone of the Canadian Rockies, a glorious panorama of mountains, glaciers, lakes, rivers and waterfalls. Stop at Athabasca and Sunwapta Falls and then spectacular Columbia Icefield, largest accumulation of ice in the Rockies, 3,000 feet thick, covering 130 square miles. Runoff from the field feeds three river systems. *Climb aboard a snowmobile for the three-mile ride across the surface of Athabasca Glacier, a rare experience!* Have luncheon at the Icefield Chalet, then continue south into Banff National Park, Canada's oldest and perhaps her most spectacular park. Drive past massive Mount Murchison and Mount Chephren, Waterfowl and Bow Lakes and Mistaya Canyon. In the late afternoon arrive at the jewel of the Rockies, Lake Louise, one of the most beautiful spots on the continent. *Stay two nights at majestic, world-famous Chateau Lake Louise.* Sit on the terrace to absorb the scene. The lake is fed by Victoria Glacier, just across the water, and is surrounded by towering peaks. The icy turquoise color is not an illusion. It comes from Victoria's glacial silt. Railroad workers were so awed by the beauty of the place when they discovered it in 1882 that they named it for Princess Louise, daughter of Queen Victoria. This is a spot you'll never forget!

LAKE LOUISE/YOHO NATIONAL PARK 10th Day / Tuesday

BLD

This morning is at leisure so you may enjoy the views across the lake. *Sunrise is spectacular here!* Cross the Continental Divide back into British Columbia for a visit to Yoho National Park. Stop at Takakkaw Falls, 1,248 feet, North America's third largest. Marvel at nature's work at Natural Bridge on Kicking Horse River, and at the famous man-made spiral railway tunnels under Kicking Horse Pass. An interesting day, capped by another restful evening at Chateau Lake Louise.

VALLEY OF THE TEN PEAKS/MORAINE LAKE JOHNSON CANYON/BANFF / 11th Day / Wednesday

BLD

Enjoy more glorious scenery today as you drive to the Valley of the Ten Peaks and Moraine Lake. The lake is known for its stunning reflections of the snowcapped peaks which surround it. Have luncheon at Moraine Lake Lodge, then drive through scenic Johnson Canyon past Mount Eisenhower and Vermillion Lakes to the resort town of Banff, center of activity in the park. *Stay two nights at another world renowned hotel, Banff Springs Hotel, on a bluff overlooking the town and surrounding valley, centerpiece for Banff National Park.*

BANFF/CASCADES OF TIME/SULPHUR MOUNTAIN 12th Day / Thursday

B D

Tour Banff and the surrounding area today. Visit Bow Falls, Buffalo Park, the hoodoos (limestone formations created by erosion), see the

Million Dollar View (no charge!) and stroll through the Cascades of Time Gardens. Drive to Sulphur Mountain to see the natural hot springs, then *ride the gondola lift to the top for a magnificent panorama of the Bow Valley.* The afternoon is free for your own pursuits. Shop or visit the School of Fine Arts to see how the setting has inspired young artists. You might enjoy an optional float trip down the Bow River. The hotel has a famous golf course. Or simply sit on the terrace, enjoy the views, do nothing.

BANFF/CALGARY/STAMPEDE GROUNDS 13th Day / Friday

B D

Have more leisure time this morning to enjoy Banff's clear mountain air. Board your motorcoach after luncheon for the short ride to Calgary, home of the famed Calgary Stampede. Drive to Victoria Park to see where the rodeo and renowned chuckwagon races are held each July. Visit Heritage Park, a recreated 19th century village, for a glimpse of Canadian frontier life. The park has a general store, blacksmith shop, pioneer farm machinery, sternwheeler riverboat and, of course, a Hudson's Bay Trading Post. Accommodations are at the Calgary Inn. *Gala finale dinner party*, time to bid farewell to your new friends and to reminisce about the sights and experiences you have shared.

CONCLUDE CALGARY / 14th Day / Saturday

B

Your two weeks learning about Canada's Pacific Northwest and Rockies have come to an end. You've seen some of the most beautiful country in the Western Hemisphere. You've followed in the footsteps of Indians, sailors, trappers, miners, loggers, railroaders and cowboys. The memories you take with you as you return home will be long lasting. Varied departure times do not permit a group transfer to be provided to the airport, but taxi or limousine transfer services are available at nominal cost and your Tour Manager is there to assist. *Let's get together again soon!*

BEGIN MONTREAL/QUEBEC / 1st Day / Sunday

Your Travel Agent will arrange the most convenient flight for you to Canada's largest city, Montreal. Air Canada has direct service from Chicago and other major cities. Since tour guests will arrive at different times, it is not practical to arrange a group transfer from the airport. Taxi, limousine and motorcoach shuttle transfer services are available at nominal cost. The tour will begin at your hotel, the *Queen Elizabeth*, conveniently located downtown. Meet your Tour Manager and fellow tour members at the 7:00 PM *get-acquainted dinner party*.

HALIFAX/NOVA SCOTIA / 2nd Day / Monday

Tour Montreal to learn its history before the early afternoon Air Canada flight to Halifax, provincial capital of Nova Scotia. You're on Atlantic Standard Time as you land in Nova Scotia (New Scotland) and will remain on this time throughout your visit of the Maritimes. Established in 1749 by Lord Cornwallis, Halifax was originally built to defend Britain's territory, and the huge Bedford Harbor area has been influential as a major naval station since its beginning. Stay two nights at Chateau Halifax in Scotia Square's heart.

HALIFAX/PEGGY'S COVE / 3rd Day / Tuesday

See a few of the 11 universities as you tour Halifax this morning. The citadel was built in 1828 and is now a historic landmark. Marvel at the abundant contrasts of new and old. Residents of Halifax are known as "Haligonians." *This afternoon visit the artists' hangout at Peggy's Cove.* This little village on St. Margaret Bay is one of the most popular photographic and painting sites in North America, perhaps the most picturesque village in Nova Scotia. We'll let you decide!

CAPE BRETON ISLAND/SYDNEY / 4th Day / Wednesday

English, Irish, French, German and Scots settled Nova Scotia. You'll begin to see more of their influences today as you travel the Atlantic coastline through towns such as Port Dufferin, Ecum Secum and Lipscomb Mills to Sherbrooke Village, a restored 19th century mining and lumbering community. *Have luncheon at What Cheer Restaurant to experience an old-fashioned Nova Scotian homestyle meal.* Pass through Antigonish, home of the Highland Games. Cross over to Cape Breton Island and before long you'll feel you have arrived in Scotland's highlands. Dine at your hotel in Sydney, the Cape Breton Motel.

LOUISBOURG FORTRESS/MARGAREE FORKS

5th Day / Thursday

This morning visit historic Louisbourg Fortress. Begun in 1717 by the French, the fortress was the scene of many battles. It fell to the British under Commodore Warren in 1745 but returned to French control later. Louisbourg was in ruins until 1928 when the area was declared a National Historic Site. Since then a massive restoration has been in progress dedicated to restoring Louisbourg as it was in 1758. Follow the shores of saltwater Bras d'Or Lake this afternoon to Baddeck for a visit to Alexander Graham Bell Museum. Overnight in quaint Margaree Forks at Margaree Lodge.

THE CABOT TRAIL / 6th Day / Friday

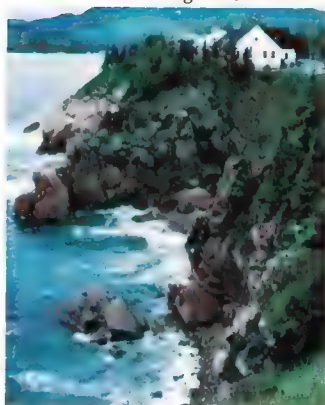

Full day's drive (184 miles) on the famed Cabot Trail, perhaps one of Canada's loveliest drives. You'll meet French on one island coast and

PRINCE EDWARD ISLAND / 7th Day / Saturday

COUNTRY LIFESEEING / 8th Day / Sunday

BL

Depart this morning to tour Kings Byway Country through tobacco farmland and along lovely red and white sand beaches to North Lake, the Tuna Capital of the World. Enjoy luncheon in Kingsboro. Prince Edward Island was discovered in 1534 by Jacques Cartier and until the 1700's was the home of the Micmac Indians. It was occupied later by the French and British. During the expulsion of 1755 thousands of Acadians settled here, as well as English, Irish and Scots later.

CHARLOTTETOWN/SUMMERSIDE / 9th Day / Monday

BLD

Tour Charlottetown this morning and see where the proclamation uniting Prince Edward Island and Canada was given at Providence House in 1867. Head north to York and the northern shoreline, noted for spectacular beaches and stately blue herons. Stop for luncheon at North Rustico on the Gulf of St. Lawrence. Visit *Cavendish* to see *Green Gables*, the setting for *Anne of Green Gables*. Overnight at the popular summer resort of Summerside at *The Linkletter Motel*.

MONCTON/NEW BRUNSWICK / 10th Day / Tuesday

BL

Depart Port Borden by ferry this morning and dock at Cape Tormentine in the providence of New Brunswick. Under the French this was a colony named New Acadia, but in 1784 the area was separated from Nova Scotia and took the name New Brunswick from Britain's George III of the House of Brunswick. Your route takes you along the lobster rich shoreline to Shediac for luncheon at *Paturel's Shore House on Shediac Bay*. Visit the nearby lobster factory before proceeding to Moncton for overnight at Wandlyn Inn.

FUNDY NATIONAL PARK/KINGS LANDING/FREDERICTON BLD 11th Day / Wednesday

Follow the Petitcodiac River this morning to pause at Hopewell Rocks, strange stone sentinels carved by wind and weather. Enter Fundy National Park at Alms, where the elements have created rustic beauty along the rugged coast. Have luncheon in Sussex, dairy and craft center. This afternoon pay a visit to the Kings Landing Historical Settlement nestled in the peaceful beauty of the Saint John River Valley. By 1783 there were over 10,000 settlers along the river and its

tributaries, many of whom were loyalists fleeing the colonies. Have a vivid view of life in pioneer New Brunswick at the relocated settlement across the river from its original site with each structure carefully restored to its original decor. Costumed "residents" of the settlement go about their daily chores just as in the early days. See a working sawmill, forge, carpenter's shop, young girls weaving and performing other crafts which were necessary to the self-sufficient survival of the community. Enjoy a special dinner in the 18th century atmosphere of *Kings Landing*. Stay at Fredericton's Wandlyn Inn.

FREDERICTON/SAINT JOHN / 12th Day / Thursday

BL

A walking tour of Fredericton this morning includes the Historic Officer's Square, Centennial Park, City Hall and The Green. Known as the "City of Stately Elms," Fredericton is the provincial capital of New Brunswick. The first inhabitants were the Maliseet and Micmac Indians who hunted and fished along the Wooastook or Saint John River. Fredericton has developed from a small wilderness village into a large, modern cultural and legislative center. After luncheon continue to Saint John and learn about the mysterious Reversing Falls and see the Loyalist House and Martello Tower built to defend Saint John during the War of 1812. Overnight at *Delta's Brunswick Inn*.

DIGBY/NOVA SCOTIA / 13th Day / Friday

BLD

Cruise the Bay of Fundy this morning aboard the M.V. Princess of Acadia to Nova Scotia's northern shores. Dock in the Annapolis Basin at Digby, popular Canadian playground. Digby is the home of the famed Digby scallops and boasts the world's largest scallop fleet.

ANNAPOLIS VALLEY/GRAND PRE/HALIFAX 14th Day / Saturday

BLD

Morning drive through the rich Annapolis Valley dotted with farms and orchards for a delightful Fiddles and Vittles country luncheon in Wolfville. A short distance away at Grand Pre, the Acadians were expelled from Nova Scotia on September 5, 1755 for failing to swear allegiance to Great Britain. Grand Pre National Historic Park and Longfellow's poem *Evangeline* commemorate this event. Visit the *Evangeline Chapel* and *Grand Pre Museum*. Return to Halifax for another evening at *Chateau Halifax*. Gala finale dinner party.

WHAT YOU NEED TO KNOW ABOUT YOUR MAUPINTOUR

CONDITIONS

TOUR RATES. Rules, regulations, fares and rates (USA dollars) are those in effect at brochure publication date (December 1, 1980) and are necessarily subject to change. Because of inflation and fuel surcharges the Maupintour Land Tour Rates must be considered estimates. SPEAKING FRANKLY

Please do not expect an overland tour program in Canada, particularly one to the remote northern provinces, to be a deluxe holiday experience. *You will be disappointed if you do.* Instead, we recommend you view these tour programs as adventures in learning about history, culture and heritage of Canada, and as an opportunity to enjoy some of the most spectacular scenery in North America. To travel in some of these areas you must be a good natured realist as well as a romantic, and accept the conditions, accommodations, services and people for what they are and as they exist, not as each of us might prefer them to be. This pleasant tolerance of local customs, habits and living standards will provide you an enjoyable travel experience. *If you are this appreciative traveler, an adventurer at heart, we want you with us because you'll have the time of your life!* Hotels are selected because of location, amenities, staff services or historical significance. They should not be considered deluxe, but rather standard first class to superior, with the exception of those in the remote places. In many areas of Canada hotels are not maintained for a deluxe clientele. Many operate only on a seasonal basis with a young and relatively inexperienced staff, and are not comparable to hotels in year 'round destinations. In a few places the accommodations are rustic and rather basic. However, you will find all hotels comfortable and the people who run them interesting and eager to help you enjoy their hometown.

When staying at some of Canada's famous historic properties, please remember you are there to experience the ambience of the hotel and the beauty of the area in which it is located. As in any historic property the room size and location, and quality of maintenance, will vary and should not be compared to newer accommodations found elsewhere.

One's health and physical condition are important. If you enjoy lots of walking and moving about, you will enjoy these tours. Conversely, if you don't enjoy walking and moving about, you won't find these tours agreeable. *Be sure to bring comfortable (and not new) walking shoes.* Special dietary foods cannot be assured. *These tours are offered only to, and are restricted to, those who are in good physical and mental health without infirmities,* who are understanding and tolerant of the conditions of scheduled group travel, and who really enjoy being with a group.

Due to distances between cities, some drives will be long, but comfortable aboard your air-conditioned, restroom equipped, modern motorcoach. Frequent stops are made so you can stretch your legs and enjoy refreshment.

We do not want to alarm you by being candid. We bring these facts of travel life through Canada to your attention only because we do not want you to expect what may not exist. Throughout these programs you will have every opportunity to see Canada's varied cultures, spectacular scenery, and many unique areas. *Join us!*

FOR YOUR PROTECTION

LUGGAGE AND ACCIDENT INSURANCE IS RECOMMENDED. Maupintour is not responsible or liable for loss, damage or theft of luggage and/or personal belongings, or for personal injury, accident, and/or illness. It is important for your own self-interest and protection that you make certain you have adequate insurance to cover these eventualities. Please be sure to check with your Insurance Agent or Travel Agent for additional insurance to cover all risks concerned for the duration of your trip.
